Member of the PAC-UK Education Team

"...teachers and schools have a vital role to play in helping adopted children **emotionally, socially and educationally** by providing specific support to raise their attainment and address their wider needs".  
DfE (2013)

The day aims to support schools in meeting these emotional, social and educational needs through spending time looking at the following areas:

- Engaging with parents and carers about PP+
- Improving uptake of self declaration & managing confidentiality
- Strategic organisation of support in schools e.g making the best of your resources
- Planning and delivery of evidence-informed interventions

We will explore examples of good practice and look at how other schools have used the money to meet the needs of looked after and permanently placed children as well as exploring new and innovative ways of utilising pupil premium plus.
