NEW PAC-UK Therapeutic Services for Education Providers

We are pleased to announce that PAC-UK are able to provide **NEW** therapeutic services to education providers in and around London to further support the needs of your pupils, staff and parents.

Please note, all prices listed below are exclusive of VAT and travel costs.

Dramathery Groups for Children

Dramathery provides a play-based, physical and imaginative process for children to easily engage with. Drama improvisation, movement, performance, art and discussion are all used in a child-appropriate and sensitive way. Children are supported through a safe and therapeutic journey that promotes expression, collaboration and insight.

We work in a joined up way with parents and school staff to enable a developmental process that works towards increased Emotional Regulation, awareness of Executive Functioning and Self-Reflectivity.

Our therapy aims to improve the experience of the child in education and will therefore include feedback and review sessions with the staff and parent/carers, including therapeutic recommendations. All our therapists are fully qualified (HCPC registered) and experienced in working with adoption, looked-after children, trauma and with children, families and staff experiencing difficulties at school.

A reduced price of £475 per child, based on 4 children, attending an 8 weekly dramathery programme (one session per week) is available for bookings made before June 2018, after which the full price of £535 per child will commence.

A reduced price of £675 for **one to one** therapeutic work is available until June 2018 for an 8 week programme (once a week) including feedback and review sessions. After June 2018 the full price for this service will be £795.

Reflection and Consultation Groups for Staff

Reflection and Consultation Groups provide a facilitated space for staff to share reflections, thoughts and strategies around the needs of a particular child, a group of children or a whole class.

It is a collaborative and practical process which draws from the principles of Attachment Theory. Action-plans and strategies emerging from the groups can lead to real change affected through relational, social and psychological ways.

An initial 90 minute meeting is followed up with a one hour review meeting approximately 4-6 weeks later.

We can also facilitate Staff Reflection and Consultation Groups which would meet every two weeks.

Price: £450 – Reflection and consultation meeting (including follow up review)

Child Focussed Consultations and Parental Reflective Groups for Parents

Child Focussed Consultations (CFC) and Parental Reflective Groups both provide collaborative opportunities to work with and support the parents/carers of vulnerable children. Bridging home and school is an effective way to bring consistency, safety and care for children needing additional support

Price: £450 – Reflection and consultation meeting (including follow up review)

For more information about this programme please contact Andrew Royle via phone [020 7284 0555](tel:02072840555) email andrewr@pac-uk.org or visit www.pac-uk.org/education

For bookings please contact Lisa O'Callaghan via phone [020 7284 0555](tel:02072840555) or email lisao@pac-uk.org

About PAC-UK

PAC-UK is the country's largest independent Adoption Support Agency. PAC-UK's **specialist Education Service** offers a range of services to enable schools, parents and guardians and education and social care professionals to meet the needs of children who have experienced difficulty starts in life.

PAC-UK was **rated Outstanding by Ofsted** in 2017, and was selected **as overall winner in the King's Fund/GSK Impact Awards 2017**, for 'Supporting Excellence in Community Health Care'.
