

London Regionalising Adoption Model Adopter Forum

Wednesday 23 March 2016 10:30–13:30

Family Futures, Floral Place, 7-9 Northampton Grove, N1 2PL
near Canonbury tube station

You may have heard in the media that the government are looking to reform adoption through a 'regionalisation' policy.

There is a project underway in London now to look at how best to take these government reforms forward. The outcomes for children and adopters are a central motivation to any redesign of services.

Please join us at our second adopter forum meeting for the opportunity to take part in discussions about how a new regional model might take shape in London, and to explore priority areas that adopters and prospective adopters raised at our first meeting.
